1. The information disclosure statement submitted on 30 March 2000 was filed after the mailing date of the Notice of Allowability on 13 March 2000. The submission is not in compliance with the provisions of 37 CFR 1.97 because it did not include the statement, petition and petition fee as required by 37 CFR 1.97(d). The issue fee in this application has been paid. As such, the period during which a petition under 37 CFR 1.97(d) may be filed has elapsed. Accordingly, the IDS will not be considered, but will be placed in the file. However, the application may be withdrawn from issue in order to file a continuing application under 37 CFR 1.53(b) or 1.53(d) upon the grant of a petition filed under the provisions of 37 CFR 1.313(b)(5). Alternatively, the other provisions of 37 CFR 1.313 may apply, e.g., a petition to withdraw the application from issue under the provisions of 37 CFR 1.313(b)(3) may be filed together with an unequivocal statement by the applicant that one or more claims are unpatentable over the information contained in the statement. The information disclosure statement would then be considered upon withdrawal of the application from issue under 37 CFR 1.313(b)(3).

2. Notwithstanding the discussion above, applicants indicate that the IDS filed on 30 March 2000 is a copy of an IDS filed on 20 November 1998. A review of the application file currently does not reveal the presence of an IDS filed on 20 November 1998. If applicants wish to rely on the 20 November 1998 date, it would be necessary to timely file a grantable petition requesting the acceptance of the 30 March 2000 IDS as a copy of the 20 November 1998 IDS, supported by appropriate evidence. The consideration of any such petition, including consideration of the question of whether it would be appropriate to file such a petition at this stage of prosecution, would not lie within the scope of authority of the primary examiner.
